

# SIP FOR STROKE

Join the Stroke Association in the midlands by making mugs of coffee, tea and hot chocolate, along with cakes and biscuits, to raise money to fund research into stroke and help rehabilitate stroke survivors.

All you have to do is organise a hot drinks party (or tea party), however big or small in your community, school, home or place of work and/or hold a bring and buy sale or raffle to increase the money raised for The Stroke Association.
